They are all popular series of video games for many platforms. However, on the mobile platform, there is no name that it can overcome Shadow fight 2 Released on the app markets at the end of 2013 by Nekki, Shadow Fight 2 is by far one of the most popular games on Android with over 100 million of download. In addition to a challenging gameplay, the game also attracts players with its unique graphics and the system of different weapons. It will take many hours of play to beat all the opponents in the Game.Although the third version of the series was released by Nekki with great improvements in the graphics, Shadow Fight 2 is still at the top of the most loved games on the Play Store. Many players still love the world in the game and want to conquer all the challenges to become the strongest ninja.storyshadow fight 2 opens with a short video that introduces our main character and history around him. There is no specific context, but we can see that the main character is a samurai. It is an invincible warrior that seeks powerful opponents around the world. One day, he finds the door of shadows, which holds spirits and demons in the dark world. Although he knew in advance about the danger of the gate, he still opened it in the hope of finding new opponents. It was a terrible mistake. As soon as the gate has been opened, he published the entire world of darkness and ghosts. Not only that, thanks to the protagonist of being too close to the door of shadows, he absorbed all the forms of him and turned it into a shadow. Fortunately, the strength of the main character is still intact, he decides to take a step through the gate and fight the powerful enemies here with the sole purpose of reconquering the original shape of him. However, things are not easy. There are countless enemies and waiting traps waiting. Attractive Combat GameplayShadow Fight 2 has a traditional gameplay similar to other combat games as a kombat or deadly king king. You will check your character to participate in 1VS1 fight combat matches with opponents that are pre-programmed robots. Each round lasts for 60 seconds. During this time, you have to break down your opponent. If time ends without anyone get KO, the one with more HP Vince. The control mechanism is quite simple when you need to use the left navigation key to move the font forward, backward, jump or crouch. On the opposite side are the keys of action including hands, feet, darts and special skills. It is important to combine the navigation keys with the action keys to perform unique attacks or defenses. Corrently, you can run attacks to your opponent in 4 ways: Hand: Inflict the biggest damage when the character holds a weapon. The attack is based on the weapon you are using. Legs: Calcia You can combine it with the navigation key to perform a high or low soccer kick.darts: long-range attacks with special weapons such as Darts, Darts, Daggers ... Access: Perform special attacks to offer massive damage. This key is activated only when the Mana Mana bar filled up. The game matches are classified by difficulty. The levels are easy to very harshly. With very hard levels, you need to win 3 rounds to pass. Eemies and Systemsweapons weapons are fundamental to win in Shadow Fight 2. The weapon system in the game is very different with more than 115 different objects. They are divided for rarity. With the exception of event weapons, most other articles can be purchased by the in-game store as long as you have enough money. As we said, the weapon is the most important element of the game because it inflicts the greater damage to the opponent. Depending on the weapon you use, even the character attack movement changes. Furthermore, each weapon also comes with a different special ability. Weepons are not available as soon as the game begins. It is necessary to complete the levels to unlock the new weapon. Don't forget to update your weapons to increase the damage of your attacks and add their new attributes. There are some special weapons in Shadow Fight 2 that you can't find in the store. They only appeared in in-game events and boss battles. In addition to completing events in the event to receive special weapons, you can defeat the bosses to get weapons from them. If the games in Shadow Fight 3 took place in real time, your opponents in Shadow Fight 2 are Bot. However, do not underestimate them. There are more than 100 different opponents in the game. They are ordered based on the difficulty. The plot in the game is divided into 7 chapters. Each chapter has 5 different opponents that you have to defeat to advance to the boss battle. Of course, your opponents are becoming stronger in the next chapters, so you need to update fairly strong equipment to have the chance to win them. Game Modesshadow Fight 2 is not a complicated game but you have to be patient to conquer all the challenges in the game. In updates, the game developer regularly adds new content to the game. In addition to the history mode, there are several game modes that you can explore. Taking challenges in these game modes offers the possibility of winning special prizes. Birst, let's talk about the History Model in Shadow Fight 2. It is divided into 7 chapters that take place in 7 different places in the dark world. Each chapter has a chapter, which protects the gate leading to the new area. To be able to deal with these leaders, it is necessary to defeat all their subordinates called guardians. Especially in the last battle of chapter 7, you must defeat 6 bosses in the 6 previous chapters before meeting the last one. The opponents in Shadow Fight 2 become stronger with every game. Therefore, you need to update your equipment and weapons to defeat them. When an opponent is too strong for your equipment, you get a pre-battle warning. The possibilities of winning very hard matches are extremely low so make sure you update your items to lower the level of difficulty. To get sufficient coins and gems for this update, you need to play in other modes .Currently, Shadow Fight 2 has the following game modes: Side-QuesttournamentsurvivalDuassCensenchallengesFore special modes like Underworld, Eclipse.Each Game Mode has different rules. They offer the possibility of claiming big prizes if vini.epic bosses fighthebosses are the most interesting challenge you have to conquer in Shadow Fight 2. There are two types of garments in the game, Shadowland and Eternals. Shadowlands are the main bosses of the game. They are released from shadow gates after the protagonist opens this portal. They were once human, but their souls were swallowed up by the devil and turned into shadows. You need to destroy these garments to close the doors to prevent them from escaping from the outside world. There are a total of 7 shadowland garments you have to In the game. Before meeting them, you have to defeat the bodyguards. Cars Battles will obviously be much more difficult than regular battles. You have to win 3 rounds to defeat the boss.eternals are mysterious creatures that wake up after opening the IL They appear in multiplayer mode. Winning Eternals Boss gives you the possibility of receiving special items. Game-Game CurrencyShadow Fight 2 uses 3 currencies, coins, gems and shadow spheres. They are used to unlock and update the elements. The coins are common and easy to get units in the game while gems can only be obtained by winning boss battles. It is a fact that if you want to maximize the objects of the game, you need to use many coins and gems. They can be purchased from the store.besides, we offer you the last mod of Shadow Fight 2 that allows you to use free money in the game to buy and update any object you wish. MOD APK by Shadow Fight 2AS we mentioned, shadow fight 2 It is not too difficult a game but if you don't update your skills and weapons in time, you can get stuck on some levels. The game also limits your turn with an energetic bar. This we recommend using the game mod for a better experience. The best features are the functionality of Shadow Fight mode 2. Currently, this mod is only available for the Android.United Moneyas version soon as you open the game, get countless coins and gems. You can use them to buy objects or update those existing.unlimited Energyenergy is the way the developer limits the number of games. This mechanism is similar to that on the candy saga. By default, you have 5 energy units. When you enter the battle and you defeat, lose energy. Every 10 minutes you get additional energy. You can buy energy using gems. However, it is an unreasonable choice because the gems in Shadow Fight 2 are quite difficult to find. If you want to play without the power limit, you can try the special version of the game. Furthermore, there are some exclusive objects and chapters in a €
