(Bloomberg) - The strategists of almost all the best Wall Street banks came out this week with a nervous message on the US stock market. The latest views take the view from Deutsche Bank AG and Goldman Sachs Group Inc. and Echo Antica Morgan Stanley's Pronouncements, Citigroup Inc. and Bank of America Corp. While investment banks tend to be measured in their prospects, there are common wires Suggesting their forecasts that the market is vulnerable. The evaluations are at historical extremes, is this week encryption, the crypt immersed a sign of things to come? Following a bearish Friday, it was a mixed start for the day. A bitcoin returns up to \$ 47,000 levels would support a large encrypoint rally, however. The merchant a rocky week in the markets has dealers, investors and strategists of Defcon 2, peering on the horizon for the enemy - a correction equity market. But while there are some worrying signals, corrections - 10% drops from recent highs - they do not happen only, just as the bull markets do not die of old age. (Bloomberg) -Michael Rubin was a freshman at the University of Villanova when he showed a talent for the first time to extract great offers. Using cash borrowed from a neighbor, he bought \$ 200,000 of overstock sports equipment and soon reserve it for a profit of \$ 75,000. Since then he has been caught on the opportunities. Today, Rubin has a net worth of around \$ 8 billion, according to the BLOOMBERG Billionaires index. Bag on the disruptive power of Internet-based shopping, has transformed the sports merchandiser fanatic ready to make some defensive portfolio moves. At least, it is the bottom line according to Raymond James Strategist Tavis McCourt, which is taking a tight look at the issues facing US investors while we put the vacation of the day of work. The key point, according to McCourt, is the number of possible impacts on the market. The Covid virus is still burning all over the world and the new variants are crawling. The US Congress has not yet come to the sockets with the passage of a budget "and the largest market is coming out a 4-day loss streak, since investors get more nervous about the economic impact of Covid-19 . They don't care. There is a simple way to play defense. The -onist Laurence Kotlikoff claims that savers should focus on sanding and spending protection for life, so saving towards retirement. Furthermore: wait until At the age of 70 to collect social security.apple a major blow was distributed on its rules of the App Store and the struggle continues with the Fortnite Developer Epic. The iPhone manufacturer was forced by a judge to stop banister Other apps to offer other ways to pay digital services, away from your own payment systems. The search comes only days before Apple is expecting to reveal the iPhone 13, and in the wake of A number of concessions apparently aimed at reducing pressure from antitrust-Shares regulators of lithium mining company Lithium Americas (NYSE: LAC) closed 7.7% more Friday. You can thank the rival Lithium Company AlbemarleÂ € (NYSE: ALB) for this. In its 2021 day of investors held Friday, AlbÂ € Marle told investors that an increase in lithium demand - which is used to build electric car batteries - raises its profits in 2022.two days ago, electric vehicle manufacturer Chinese Nio (NYSE: NIO) Spectral investors announced a plan to collect up to \$ 2 billion in a new supply offer. The market seemed to be surprised by the company announcement Wednesday of a stock offer After all, NIO has already had \$ 7.5 billion on its budget to its budget from 30 June. Treatment secretary from Meschina Janet Yellen released another warning to the legislators Wednesday: Lift or suspend the debt ceiling as soon as possible. In a letter addressed to HOUSE Speaker Nancy Pelosi (D-CA), Yellen said that, according to the latest internal estimates, the treasure could run out at a certain point in October. Â € â,~ "All available sizes and available sizes at your fingertips are completely exhausted, the United States of America would not be able to meet meet them For the first time in our story, Â € â,~ "Writeed. The daily business Hundreds of Chinese companies is listed on the United States markets. But what are the best Chinese actions to buy or look at this time? Weibo, Sohu , Nio, BYD Co. and cars cars. China is the most populous nation in the world and the second largest economy with a growing urban middle class and incredible entrepreneurial activity. The stocks of omeno mineraries are hot. Because 1 Financial times report today, the YellowCake uranium price has risen to its highest level since 2014 as private investors Â €
